Confirmation of Tickets beyond Capacity in IC-809

†2007. SHRI RAM DEO BHANDARY: Will the Minister of CIVIL AVIATION be pleased to refer to answer to Unstarred Question 97 given in the Rajya Sabha on the 30th November, 1999 and state:

(a) what are the reasons that 22 confirmed tickets were issued in total for Bombay-Patna, Delhi-Patna, Delhi-Ranchi flights when there are only 20 seats in 'J' class in IC 809;

(b) whether this can happen in computerized reservation system;

(c) whether it is not against rule to provide more reservations than the number of seats available; and

(d) if so, the name of persons responsible for it and the action proposed to be taken by Govt, against them?

THE MINISTER OF CIVIL AVIATION (SHRI SHARAD YADAV): (a) to (d) Based on average passenger carriage on a flight,

bookings in excess of the seat available are made on commercial considerations to avoid dilution of revenue due to last minute No Show/Cancellations. Such bookings are closely monitored at Indian Airlines Central Space Control level and excess bookings if any, are adjusted.

On flight No. 809 of 5.11.1999 confirmed reservation was given to 21 passengers in 'J' class ex-Delhi (Patna-9 and Ranchi-12).

One Patna bound passenger was erroneously sent in 'J' class ex-Mumbai without any allocation. As a result of this the number of passengers ex-Delhi went upto 22 in 'J' class. As two passengers for Ranchi did not report, all the 20 passengers were adjusted. No passenger from the waiting list could, therefore, be accepted in 'J' class.

Necessary action is being taken against the erring official for sending a non-entitled passenger from Mumbai to Patna in 'J' class.
